A LETTER FROM TONY REYES

Final Look at our 2024 Graduates:

Our College-readiness prep class became a proving ground for ten seniors to practice asserting themselves as future leaders.

- \$720,000 in scholarships plus education perks and internships.
- Six full-ride scholarships- Arizona State University (5) and Massachusetts Institute of Technology (1).

Executive Director Tony Reyes—

Yesterday 43 students braved the 115 degree record heat to attend the PASS tennis opportunity.

It's going to be an interesting year...

- The other four have nearly all expenses paid to Arizona State University.

- Four graduated in the top 1% of their class and gave commencement speeches.
- Six were hired to coach our summer camp.
- All ten played varsity tennis at their schools.

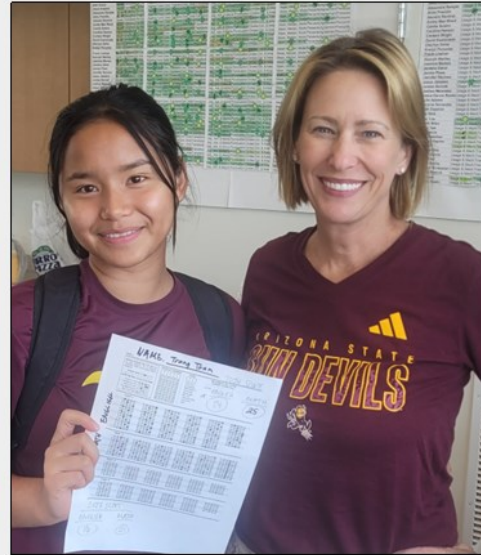

Snapshots of the Future:

TRANG- Junior

PASS has taught me how to seize opportunities.

The first time I took the ACT, my composite score was 17. After consistently doing Winward for almost a year, my score is now 25. No magic happened, it was all thanks to Winward Academy.

Trang and Kristin Huber

LISA– Senior

PASS taught me to believe in myself and strengthen my self-confidence and mindset. The [skills] I've learned are timeless, and I will always live by them.

PASS was the highlight of my summer! I got to meet new friends and experience being a facilitator by helping out others.

Yesenia, Ramsey and Lisa
