A LETTER FROM TONY REYES

PASS has officially teamed up with Barrett, The Honors College at Arizona State University as part of our college readiness programming!

Coach Katie Salgado is Program Manager for the ASU Office of National Scholarship Advisement. Her efforts were instrumental in bringing the ASU/PASS Partnership to fruition.

THANK YOU KATIE!

This month we welcomed Barrett recruiter Angela Carter. She spoke to 40 PASS students about the ASU experience and pathways to higher education. She also facilitated an application workshop with our seniors.

Partnerships like these are crucial for Serving Up Success to our students both on and off the tennis court!

Where Are They Now?

Rhianna, Rachael and Allison – Dec. 2023

The three sisters make an impression; they have a love for tennis, education and serving others. They were featured in a USTAF campaign ten months ago. They continue to blossom together. All three still excel in school, play on the school flag football team and continue to teach their Tennis4everyone club at school. They volunteered as ball kids (40+ hours each) at an ATP Pro tournament and are now training as coaches for PASS middle schoolers.

Allison (11th), Rhianna (10th), Coach Tony and Rachael (9th)

Rachael is a top tennis player on the freshman team, the older two played junior varsity last spring. Rhianna is applying for medical internships next summer. Allison has initially set her sights on the Sports Law and Business Program at ASU Barrett. The girls love working with others in a study group format and noticed the Winward Academy lessons they do at PASS have given them more confidence taking the ACT. Reach for your dreams girls!
