

# A LETTER FROM TONY - February #2

We will visit 6 Senior communities this spring. Students are amazed at the tennis skills and vibrancy of their new (old) friends. After, members mentor career advice and the wisdom of good life choices while students talk of their aspirations.

*“What a fabulous day today!!!  
The participants were exemplary role models of the PASS program. They won the hearts of our [club] tennis players, and I think they may have had fun doing so!  
Thank you to all the PASS students for affirming our faith in the upcoming generation of young people...  
you guys rock!”* Organizer

We were recognized for our community engagement and be awarded NJTL of the Year by Racket Sports Industry magazine. We enjoyed watching great tennis and eating a slice of pizza too!

20 PASS seniors/juniors jumped at the chance to visit Barrett, The Honors College at ASU. They loved the in-depth tour, presentation and wonderful lunch. The gelato was a huge hit! Three PASS alumni and current Barrett students joined the kids and shared personal insights.
